Directions for use:

Mix 12kg of Boss Beef VTM Supplement with 328kg barley, 330kg corn silage and 330kg of alfalfa-hay mix to make a complete diet. Feed 10kg of the diet to cattle weighing 333kg and eating 3.0% of body weight, or follow a program recommended by a nutritionist.

Caution:

1. Directions for use must be followed carefully.
2. Do not use this feed in association with another grain ration, supplement or premix containing supplemental selenium.
3. This premix contains added copper. Do not feed this to sheep.

Individual result from this product may vary due to management, environment, genetic, health and sanitation differences. Therefore, the manufacturer does not warrant or guarantee individual results.
